A 1,000-home plan for Greater Victoria's Bear Mountain has been announced by the Quigg Group of Vancouver.

Known for its high-end developments in the Vancouver area, Quigg has set a \$1.4-billion budget for what it is calling "two long-term projects."

First on the agenda is to build condominiums on a 20-acre hilltop. Suite sizes would range from 850 to 5000-square feet. The Quigg projects would represent a major chunk of the Bear Mountain development project on 526 hectares in Langford and the Highlands.

It would eventually have more than 1,000 single-family homes, 4,000-plus condominiums, and 285 townhouses. Golf, restaurants, a spa, hotel, and a village are part of the development.
